I enclose sheets of drawings entitled "Annotated Marked-up Drawings" together with "Replacement Sheet" for substitution as final drawings for sheets 2 and 3 presently on file. Please observe the following:

1. In F/Gs 3 - 5 and 7, the object portrayed as what are herein identified as *various devices including those for exercise (500)* is redrawn in dashed rather than solid lines, thereby conceding that object outside of the inventive combination.
2. The changes in the annotated renderings are indicated by marking up in red.
3. A copy of these materials is being provided the Examiner.
